

Summer Term – Week 30

We had lots of fun playing in our new 'Travel Agents/Airport' role play area this week. In English, we shared the book 'Mad About Minibeasts' and wrote a fact file for a chosen minibeast. We loved using the plastic needle to thread a web for our spider handprints too! In Maths, we used the first, then, now structure to add two numbers together, which was tricky when some of the stages were hidden.
