

Spring Term – Week 26

We have had lots of Easter fun this week! We loved making bunny hats to wear on our Easter Hunt and following the clues to find some treasure. We made individual chocolate nests which were very tasty too. In English, we learnt about the signs of Spring and designed Easter Eggs using pom-poms in paint. In Maths we explored 3D Shapes, making a new model with 5 objects. We enjoyed our Class Assembly too!
