

Spring Term – Week 24

We had lots fun dressing up as astronauts, searching for moon rocks and exploring our new 'Space Station' role play area this week. In English, we read 'Aliens love Underpants' and created new aliens to help on their missions. We also enjoyed blowing paint to make aliens and constructed collage aliens! In Maths, we explored different ways of making 9 and 10. We used our fingerprints to make Mothers' Day cards too!
