

Spring Term – Week 16

We have had a super busy week being back at school with our friends. We loved exploring the cold weather outside, especially using different tools to try and break the ice. In English, our focus story was 'Mixed' where we chose our 3 favourite colours to go on an adventure and designed a new village. We had lots of fun experimenting with different colours too. We also created 'Winter' collages and made 2026 posters!
